Profile Summary

Mr Ng is a recognised national and international expert in traumatic brachial plexus and peripheral nerve injuries. He specialises exclusively in personal injury claims, particularly those involving serious accidents, polytrauma and high-value claims. Alongside his medico-legal work, he runs a tertiary referral service for peripheral nerve injuries and leads a busy clinical practice.

He provides impartial, professional and prompt expert medico-legal reports, delivering clear and substantiated opinions in complex cases. He does not undertake medical negligence work. His opinions are regularly sought by both claimant and defendant solicitors for their clarity, thoroughness and reliability.

Specialist Areas

- Traumatic brachial plexus injuries
- Peripheral nerve injuries of the upper and lower limbs
- Nerve damage following fractures and surgical interventions
- Related conditions including painful neuroma, scapular winging and compression neuropathy

Medico-Legal Practice

Mr Ng focuses solely on personal injury claims. He has over 10 years of expert witness experience and is regularly instructed in complex, high-value trauma cases. He has attended joint expert meetings and case conferences, and delivers clear, CPR Part 35-compliant reports with a typical turnaround of 2 weeks.
